ABOUT ME

Full-Stack Developer with 3+ years of experience building web applications, mobile apps, e-commerce platforms, CMS solutions, and custom business systems. Skilled in React, Laravel, Node.js, and React Native. Based in Bangkok, Thailand — available for freelance and part-time opportunities.

PROFESSIONAL EXPERIENCE

Full Stack Developer @ Ravus Law Firm

Jan 2026 – Present

Remote

- Building and maintaining the firm's web platform and internal tools
- Full-stack development using modern web technologies
- Building AI powered websites

Full Time Web Developer @ Netscriper Co., Ltd

Feb 2024 – Dec 2025

Yangon, Myanmar

- Architect and deliver secure full-stack web applications utilizing React & Laravel, covering internal dashboards, complex CRM integration, and customer-facing websites
- Construct custom, secure WordPress CMS backends using Advanced Custom Fields (ACF) to allow rapid content publishing cycles
- Coordinate production server deployment workflows across cPanel/shared servers, managing DNS mapping, SSL configurations, and basic cloud instances

Full Stack Developer @ Yolo Digital Myanmar

Jul 2023 – Feb 2024

Yangon, Myanmar

- Engineered high-performance modular React client interfaces tied to robust Laravel REST APIs
- Managed direct client software updates, testing features in staging servers, and launching final deployments safely onto DigitalOcean Droplets and Linux VPS systems

Freelance Full-Stack Developer @ Remote Contracts

Feb 2023 – Present

Global Client Operations

- Supplied customized POS systems, secure e-commerce portals, and elegant business portfolios powered by React, Next.js, Laravel, Node.js, and React Native
- Constructed relational databases (MySQL, PostgreSQL, SQL Server) focusing on complex query optimization, relational indexing, and automatic automated backup routines

EDUCATION

B.Sc. in Computer Science (3rd Year)

Dagon University
