ABOUT ME

I am a full-stack web developer with hands-on experience in building e-commerce platforms, POS web apps and static websites using React.js, Next.js and Laravel. I'm looking for a professional software company where I can contribute to real projects while continuing to learn and grow.

EXPERIENCE

FULL TIME WEB DEVELOPER

Feb 2024 – Present

Netscriper Co., Ltd – Yangon, Myanmar

- **Build** full-stack web apps using React & Laravel (Websites, Dashboards).
- **Develop** WordPress CMS sites and static websites.
- **Assisted** with deployment on cPanel and basic server configuration.

Jul 2023 – Feb 2024

Yolo Digital Myanmar – Yangon, Myanmar

- **Developed** full stack websites with React (frontend) and Laravel (backend).
- **Develop** client websites and handle deployment on cPanel/DigitalOcean.

FREELANCE FULL-STACK DEVELOPER

Feb 2023 – Present

Remote

- **Delivered** full-stack sites, POS, e-commerce and static sites using React, Next.js, Laravel, Node.js, React Native.
- **Managed** hosting and databases (MySQL, PostgreSQL, SQL Server) while communicating directly with clients.

EDUCATION

- B.Sc. in Computer Science (3rd year), Dagon University

SELECTED PROJECTS

(more projects on portfolio & GitHub)

Web-based POS System – React, Laravel, MySQL

Product, voucher and stock management, role-based access and basic reporting for a retail shop.

E-commerce Platform – React+ Laravel/Next+Node

Product catalog, cart and checkout built on a custom REST API with an admin panel for orders and inventory.

Wordpress Custom Theme CMS – WordPress, PHP

Custom theme with ACF (flexible content, repeaters, custom post types) to manage projects, verticals, members and galleries.

Static & Portfolio Sites (Multiple) – React / PHP

Responsive landing and portfolio sites for individuals and small businesses with clean UI and basic SEO.

TECHNICAL SKILLS

- **Frontend:** JavaScript (ES6+), TypeScript, React, Next.js, HTML5/CSS3, Bootstrap, Tailwind CSS, WordPress (ACF)
- **Backend:** PHP (Laravel), Node.js, .NET (basic), REST APIs
- **Mobile:** React Native
- **Database:** MySQL, PostgreSQL, SQL Server
- **DevOps / Hosting:** cPanel, DigitalOcean VPS (domains, SSL, deployment)
- **Tools:** Git, GitHub, Figma

LANGUAGES

- Burmese – Native
- English – Intermediate (EF SET B2)
- Japanese – JLPT N4
